harris cartier  
solicitors

specialists in the  
field of spinal cord injury

## Expertise Matters

Our Solicitors have been involved in cases involving spinal cord injury for many years. In 1998 we obtained the then record sum of £9.3 million for a tetraplegic Claimant. We continue to act for those who have sustained a spinal cord injury resulting in tetraplegia or paraplegia. Our Solicitors are members of a number of specialist panels and organisations, including the Spinal Injuries Association, Headway Personal Injury Solicitors' List and the Law Society's Personal Injury and Clinical Negligence Panels. We are also members of the Association of Personal Injury Lawyers.

## Choice Matters

We understand that finding the right Solicitor can be difficult. We are pleased to offer a free consultation and advice service. We are happy to arrange home and hospital visits throughout the United Kingdom.

## Personal service matters

You need your Solicitors to be approachable, flexible and accessible. You will have contact with the Solicitor handling your case and also with other Solicitors and paralegals who form part of the team who are there to assist you.

## Expert Guidance Matters

We have extensive experience in working with nationally recognised experts in the field of spinal cord injury and in the associated fields such as care and accommodation, in order to assemble the comprehensive package of evidence that is needed to present your case and maximise the compensation you are entitled to. We also have extensive experience in the field of case management and rehabilitation so as to ensure that your quality of life is improved as much as possible after your injury.

## Results Matter

We understand that financial security is very important to you. Wherever possible we will obtain interim payments for you to fund your care, rehabilitation and equipment needs and we will advise you on how your financial award can be structured so as to provide for your future needs.

## Peace of Mind Matters

You will receive clear and impartial advice on the range of funding options that are available to you, including Conditional Fee Agreements (often known as "No Win No Fee" Agreements).
